KEY FEATURES & BENEFITS

Rugged Smartphone

1.5m Drop Resistant, -20°C to 60°C, TouchWindow

AG-M170B enterprise PDA presents a rugged Smartphone on the market with its sleek and stylish design yet reliable use in semi-rugged environments. This pocket-sized enterprise PDA is designed to withstand multiple 1.5m drops to steel surface and operate in a temperature range of -20 to 60. More over, it's crack-resistant TouchWindow LCD supports substantial protection for the touch sensitive display.

Field Mobility

HSDPA (3.5G), WiFi, AGPS & DGPS

AG-M170B enterprise PDA delivers an improved mobile workforce through the comprehensive voice and data capability. HSDPA (3.5G) mobile radio allows high-performance voice and data communication and WiFi enables reliable wireless data transmission. Furthermore, an integrated GPS (AGPS and DGPS) enables mobile workers to track the current location and to optimize the routes for field service.

Powerful Performance

806MHz Processor, Windows Mobile 6.5 / Android (optional)

AG-M170B enterprise PDA offers the best-in-class performance. With high-speed 806MHz processor and multiple OS compatibility including Windows Mobile 6.5 and Android (optional), AG-M170B delivers maximum computing power with easy system integration capability. It provides large memory capacity with 128MB RAM 256MB ROM and supports optional 3,200mAh extended battery ensuring continuous operation.

Outstanding Visibility

3.0MP AF Camera / Barcode Reading (optional), G-sensor

AG-M170B enterprise PDA delivers improved asset visibility. It's integrated 3.0MP autofocus camera with barcode reading capability (optional) enables users to capture images and barcode data. Besides, an 3.5" display with G-sensor technology and sensitive touch capability suits for customer facing applications; tableside ordering in hospitality, home nursing care in healthcare, and signature collection in logistics.
